

HORSE REPORT FOR OCTOBER 20, 2018

Sold 282 head at our 28th Annual Fall Catalogue Sale! Great Sale, Great horses and Great attendance of Buyers from a multi-state area. Buyers were out shopping for the seasoned well broke, safe for anyone to ride horse, especially geldings as going into winter months, we only want to feed the hard to find type.. Color always a big plus along with conformation, stout well built, pretty head, and big chest and hip a must.. As for the weanlings, Buyers were looking for that outstanding weanling for a future prospect - again color & conformation is the name of the game if your going to put few thousands of dollars into them just to get them alone started under saddle We sure had some very nice weanlings in that category_for the buyers to come from.
